

5-Day High-Score Aptitude Preparation Roadmap

This professional guide is designed specifically for **Employability Exams** (CodeQuotient, AON CoCubes, SHL AMCAT). It focuses only on **high-weightage aptitude topics** that give maximum score in minimum time.

Aptitude Weightage in Employability Exams

Exam	Aptitude Weightage	Remarks
CodeQuotient	20–25%	Logical + Quant MCQs
AON CoCubes	30–35%	Quant, Logical & English
SHL AMCAT	25–30%	Speed-based aptitude

High-Scoring Aptitude Topics (Priority)

Tier 1 (Must Do – ~70% questions)

Percentages, Ratio & Proportion, Profit & Loss, Simple & Compound Interest, Averages, Time & Work, Speed & Distance

Tier 2 (Moderate)

Blood Relations, Direction Sense, Syllogism, Coding–Decoding, Series

Tier 3 (Skip in 5 days)

Calendar, Clock, Cubes & Cuboids, Pipes & Cisterns, Mixed Proportion

5-Day Detailed Study Plan

Day	Topics	Focus
Day 1	Percentages, Ratio & Proportion, Averages	Formulas + 30–40 questions
Day 2	Profit & Loss, SI & CI	Shortcuts + accuracy
Day 3	Speed & Distance, Time & Work	Standard models
Day 4	Blood Relations, Direction, Syllogism	Diagram-based solving
Day 5	Coding–Decoding, Series + Revision	Mocks & error analysis

Final Strategy

- Accuracy > Attempts
- Skip time-consuming questions
- Revise mistakes daily
- Aptitude supports coding & CS — it does not replace them
